Subject: Re: Call from a La. council woman

Let me know if you want me to reach out or if Jeff should.
I'm happy to do whatever is needed.
Thank you!

David,

We received a voicemail last week from Tammy Houston, a St John the Baptist Parish council woman, who wants to talk with someone from EPA about Denka air monitoring. Apparently, the group "Concerned Citizens" has contacted her about EPA winding down air monitoring, spikes and the equipment used to monitor them, and about cancer rates. Cary spoke with her briefly and says he doesn't think the questions will be super technical.

My question is, who would you suggest handle the call? The division director and/or staff? You?

Thanks!

Jeff

Tammy Houston

St John the Baptist Parish council
